## Information for transporting pets to the Canary Islands.

If, during transportation, the pet requires extra veterinary or quarantine services, these charges will be passed on to you.

All necessary pet documentation must accompany the pet and a 'fitness to travel' stamped into the passport and signed by your Vet as close to travel date as possible. It is the responsibility of the Owner to ensure that, at the date of departure, the pet passport is up to date with all relevant entries for the pet to travel.

A litter tray/litter for a cat, collar and lead for a dog and pets' favorite dry food must be provided for the duration of the trip, together with food/water bowls.

A 50% deposit will be payable at time of booking. This is non returnable if the job is cancelled by you; if we cancel (not postpone), your deposit will be returned in full. The balance of invoice is required to be paid (cheques must be cleared) at the date of departure of pets.

We cannot be held responsible for any injury or death resulting from natural causes.

By signing and returning this quotation you accept the above terms and conditions (this is not to be returned until confirmation of order).
